

## MOD selects Atos Healthcare for Occupational Health

London, 19 June 2008

The MOD is pleased to announce the award of a contract to provide Occupational Health advice and support for civilian staff to Atos Healthcare. The contract will commence on 1 September 2008 and will run for five years. The Department has options to extend the contract for a further two years. This is a significant milestone in the MOD's People Programme and demonstrates a commitment to its employees whilst meeting both Health and Safety obligations and the aim to further reduce sickness absence.

Atos Healthcare has been delivering successful OH solutions for over 10 years across all sectors of the UK, both public and private. With a team of more than 2500 - of whom over 1900 are qualified medical professionals - Atos Healthcare is committed to improving the way care is delivered. It provides innovative multidisciplinary support for over 680,000 employees, including new rehabilitation and wellbeing services. Atos Healthcare has contracts with a number of Government Departments and is well versed in Civil Service procedures. For more information about Atos Healthcare and its occupational health services, visit their website: [www.atoshealthcare.com](http://www.atoshealthcare.com).

MOD's current Occupational Health contract with Capita Health Solutions will end on 31 August 2008.

### Notes

#### About Atos Healthcare

Atos Healthcare has been specifically structured to provide private and public sector organisations with a joined-up approach to healthcare service delivery. It is a unique organisation with a wealth of experience and knowledge from delivering ground-breaking projects, such as one of the first privately run, award-winning NHS Walk-In Centres in the UK. With a team of more than 2500 - of whom over 1900 are qualified medical professionals - Atos Healthcare is focussed on patient needs and is committed to improving the way care is delivered.

#### About Atos Origin

Atos Origin is an international information technology services company. Its business is turning client vision into results through the application of consulting, systems integration and managed operations. The company's annual revenues are EUR 5,8 billion and it employs over 50,000 people in 40 countries. Atos Origin is the Worldwide Information Technology Partner for the Olympic Games and has a client base of international blue-chip companies across all sectors. Atos Origin is quoted on the Paris Eurolist Market and trades as Atos Origin, Atos Worldline and Atos Consulting.
